

# **Clever curves**

Created by Swiss-born designer Claudio Colucci, this silver-plated wine server has 'ingenuity' written all over. Squeezed, elongated, twisted and hollowed, it cradles your wine bottle elegantly with an ample handle to serve; pouring vino for guests (or yourself for that matter) becomes a sophisticated act! A work of art, it will surely get the conversation rolling at your dinner table.

'SQUEEZE' WINE SERVER, RM2,600, CHRISTOFLE
