

## ARTS DE VIVRE

It was an evening of fine living and dining at the House of Lotus Arts de Vivre recently. The Thai-based luxury brand house invited a select few to appreciate the finer things in life with its new jewellery, accessories and home décor pieces. The soirée was completed by gastronomic fare and a selection of premium wines by Adventure & Leisure that had guests toasting to life.

## COUNT YOUR BLESSINGS

In a generous endeavour to provide food, education and homes for underprivileged children, The Budimas Charitable Foundation recently hosted a fundraising dinner at JW Marriott Hotel Kuala Lumpur. Themed *Night of a Thousand Blessings*, guests were introduced to the foundation's efforts in giving hope and love to children who need it the most. The philanthropic guests also participated in a silent auction of Mouawad jewels and successfully raised MYR360,000 for the foundation's upcoming projects.
